

3rd February 2017

Dear Parents,

This week we have started to read a book called '*Yucky Worms*'. On the first day we put our names on a 'Wormometer' deciding whether we think that worms were yucky or not yucky. We have talked about what we already know and asked questions about what we would like to find out about our worm friends.

We would like you, at home this weekend, to do a little research with your child and see what you can find out for yourselves using books or the internet. Whatever you find out, please either write it down or send in a picture, so we can add it to our worm research project. Hopefully this will help us to answer some of the questions we have had about worms this week. By the end of next week we will go back to our Wormometer to see if the children may have changed their minds about worms. Are they yucky or not yucky?

Thank you,

Cherry and Lime Class teachers
