

**Maths** This term we will be continuing our learning about multiplication and division. We will be exploring shape and also looking at statistics, which will involve making different charts and answering questions based on them.

**English** Our book of the term is, 'The Story Machine' by Tom McLaughlin. Our focus will be the development of communication and how we can use rich language in our speaking and writing. We will be applying verbs, nouns, adjectives and adverbs in our reading and writing.

### Religious Education

In RE we will be answering the question 'Who is Jewish and how do they live?' To answer this we will look at Jewish homes and the festivals of Shabbat, Sukkot and Hanukkah.

### PE

Outdoor PE will focus on multi-skills, providing children with skills to apply to other sports. Indoor PE will focus on gymnastics.

### Science

We will be carrying out investigations using fair testing into how far a car can travel on different surfaces, linked to The Story Machine. We will also be exploring materials and their properties and exploring which materials are best suited for a particular purpose.

### PSHE

Our unit is called 'Dreams and Goals.' We will be exploring how we can achieve our goals, especially by working together as a team.

# Time Travelling Tales

### History

We will be travelling back in time to the Tudors and, in particular, learning about Elizabethan times. William Shakespeare will be a special focus of our learning.

### Art

We will be exploring the art of Japanese artist Hokusai and printing based on his wood block process. The children will have an opportunity to explore detail and landscapes.

### Computing

Our computing will link to our Maths as we will be exploring questions and creating different types of graphs.
