

Maths

This term we are focussing on building our mental maths skills. This will help us later in the year to confident and creative mathematicians. We will be looking at number facts to 10 and showing them in lots of different ways.

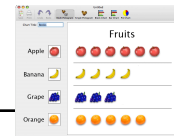

English

We will be reading the story of Farmer Duck by Martin Waddell. We will start by learning the story and then putting our own spin on it later in the term.

Computing

The children will be learning about how they can be safe on the internet at home and school.

Religious Education

In RE this term we will be learning about what the Bible is. We will also be thinking about the story of creation and how we can protect God's creation. We will also be learning about Judaism.

Down on the Farm

Science

We will be looking at how plants grow by planting a special kind of seed. The children will find out what plants need to grow and be healthy. They will also learn about what each part of the plant is called and its function.

PSHE

We will be thinking about: "how can we show kindness to others?". We will also be thinking about what bullying means, what it looks like and how it makes other people feel.

Geography

The children will be thinking about the key question: "where does our food come from?". We will be looking at different fruits and which ones grow in our country. We will also be learning about what dairy produce is and how they are produced.

P.E.

The children will be learning gymnastic and ball skills to help their flexibility and coordination.
