

## Maths

This term we are focussing on:

- Recognising and using money.
- Measuring in length, weight and capacity.

We will also carry on building mental maths skills.

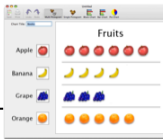

## English

We will be reading the stories of 'Jack and the Beanstalk'. We will be learning the stories and using them as inspiration to write our own versions. We will also be looking closely at how different words are spelled.

## DT

At the end of the term, the children will be sawing and gluing wood to make their own mini raised beds!

## Religious Education

In RE this term our key theme is 'Salvation'. This is all about the Easter story and the meaning behind it. We will also be learning about the Hindu festival of Holi!

## PSHE

We will be thinking about how they can be healthy. This will involve encouraging healthy behaviours, such as lots of exercise and eating the right kinds of foods.

## Art

In art this term we will be learning about the Impressionist style and mimicking the work of Monet.

## Science

We will be looking at how plants grow by planting different seeds and bulbs. The children will find out what plants need to grow and be healthy. They will also learn about what each part of the plant is called and its function.

## Music

We will be using our voices to match the pulse of a song. The children will also be using their voices to explore and imitate sounds.

## P.E.

The children will be learning gymnastic and ball skills to help their flexibility and coordination.
