

4<sup>th</sup> June 2026

Dear Parents and Carers,

### Year 5 Dyson Trip

Year 5 students have been invited to celebrate **International Women in Engineering Day** at the Dyson Campus in Malmesbury on **Monday 22<sup>nd</sup> June**. At this event, students will participate in a Rapid Prototyping workshop, hosted by female Dyson engineers. This will be an exciting introduction to engineering and the design process, and the children will get hands-on experience with prototyping materials to create solutions to everyday problems.

International Women in Engineering Day is a global campaign established by the Women's Engineering Society to recognise and promote the achievements of women in engineering. It is celebrated annually on 23<sup>rd</sup> June and aims to inspire more women and girls to pursue careers in engineering.

Children will need to arrive at school by **8:30am** as the coach will leave at 8:45am. They will return in time to eat lunch as normal at school. Children should wear school uniform and a coat.

Please **return** the permission slip and the filming consent form below to your child's class teacher **as soon as possible**.

Many thanks,  
Mrs MacIndoe
