

Maths We will continue to follow the 'White Rose' maths scheme by exploring 3D shapes and numbers beyond 10. We will use short stories to explain adding on and taking away using vocabulary such as 'first, then and now'. We will continue to use number sense to help us consolidate learning so far and address any misconceptions.

Literacy

We will be further developing our reading and writing skills through our phonics lessons each day. We will use pictures, core texts and stories to develop our sentence writing.

Communication & Language

The children will be listening to a wide range of stories, sharing their knowledge with others and continuing to practice their listening and turn taking skills to hold a conversation.

Religious Education

This term we are learning all about Special stories and places. This will include identifying stories and places that carry a special meaning to people who are religious. Our Christian value this term is 'Courage' which links to our 3Cs.

Summer
2025-2026

Understanding the World

Through our weekly topic lessons, we will be investigating our world and how we can look after the planet. We will be learning about space and other planets too!

Personal, Social, Emotional Development

Our topics are "Relationships" and "changing me". We will be learning all about our relationships with other people. This will include talking about our families, friends, falling out and how to be the best friend we can be. We will also be sharing our thoughts on growing up and moving on to our next classes.

Expressive Art and Design

This term we will be using our design and technology skills to build rockets. We will also produce a self portrait and consider careful use of colour to make our pictures look more realistic. We will continue to enjoy listening to music, singing songs and engaging in role play.

Physical Development

Children will continue to develop their fine motor skills through 'funky fingers' activities and specific handwriting letter and pattern practice. In PE we will be improving our coordination skills using dance. We will focus on sending and receiving objects such as balls and bean bags. We also focus on performing skills and movements under more control.
