

Year 6 Homework Tasks

Spring Term 2025

All children are expected to:

- practice spellings each week in preparation for a test/check each Friday
- read regularly – at least 3 times per week – to an adult (to develop fluency and expression)
- practice times tables up to 12 x 12. These are so important across all aspects of mathematics

In addition, here are some more tasks to support your learning in our Geography and History topics this term:

Task	Hand-in date
Geography: Within our Geography topic we have looked at renewable energy sources. Your task is to create a “Champion” to promote the use of one of the renewable energy sources. You can come up with a catchphrase and costume. Remember, the idea is to be fun and engaging to promote the use of renewable energy.	Friday 24 th January
Science: As part of our work on the circulatory system, your task is to create a 2-D or 3-D human highlighting the circulatory system. Make sure you label all parts of the body and the key component parts of the circulatory system. Make sure the presentation of your explanations is clear.	During the first week back after half term – Tuesday 25 th – Friday 28 th February
History: Whilst the men were off fighting in World War 2, there were lots of influential women who were keeping the country running at home. Your task is to research one, or a group of these women and present their fantastic contributions to the war effort.	Friday 21st March
History: As part of our work on World War 2, your task is to research wartime food and make/bake the recipe. Bring your food into school on this Friday so we can have a ‘class share’. Please ensure you label your food with the ingredients so we can check for allergies.	Friday 4th April
