

DISCOVERY

WELCOME BACK

We hope you all had a super Summer break. The children will, we are sure, be fired up and ready to learn during what will be a busy first term in Year 6.

Being the final year of primary school, this term is an important one. We will have high expectations of the children across all subjects. We will have a sharp focus on ensuring children develop the skills and knowledge of a Year 6 Reader, Writer and Mathematician, supporting them on that journey.

Our topic this term is Discovery. We will be learning about Biomes - what they are, where they are found and what type of biome we live in. We will also be learning about Ancient Greece and in particular its impact on society today. Please see out Termly Topic Web for further details across all subjects.

Children need to continue to have rapid recall of all multiplication tables up to 12x12 so please help your child to keep practicing their times tables. Children must also read regularly as it is vital that they can access, read and understand a wide variety of texts on different subjects. Spelling tests will take place each Friday. We thank you in advance for your support with tables, reading, spelling and homework tasks generally.
