

Maths

We will be practicing number recognition to 10/20 and identifying one more and one less than a given number. We will explore number bonds to 10. The children will also be reinforcing their number formation. We will be exploring pattern and shape and measure.

Religious Education

This term the Christian Value we will focus on is 'Truth'. We will think about what this means and how we can show it everyday and everywhere. In RE we will learn about the story of Christmas.

Art & Design

We will explore working with different materials, colours and textures. We will use our imaginations to make models and to paint pictures. We will learn about mixing colours and create junk model castles.

English

Children will be continuing to extend their reading and writing, developing blending and segmenting skills at their level. We will be encouraging the children to write simple sentences or captions with more independence and confidence, using colourful semantics to help them.

A Dragon's Dilemma

Y1

Music

We will be learning the songs from our Christmas performance.

Science

We will learn how to care for a bearded dragon, discussing what it needs to stay healthy and happy.

Computing

We will be playing games on the iPads to practice simple coding and talking about ways to stay safe online.

PSHE

Our topic is 'Celebrating difference' and we will all be identifying our similarities and differences by playing games and talking about our lives and characteristics. We will talk about what makes us all unique and why these differences should be celebrated.

PE

The children will be focussing on letter formation and transferring good practice into their writing in other subjects. In PE lessons the children will develop basic skills such as skipping, jumping, rolling, as they work at different activities.
