

Maths

We will be exploring place value, addition and subtraction. We will also be identifying one more and one less than a given number. The children will also be reinforcing their number formation. We will be talking about how we can identify amounts of objects by noticing patterns rather than counting them.

English

Children will be encouraged to extend their reading and writing, focussing on words with more than one syllable and common exception words. We will be reading *The Adventures of Egg Box Dragon*.

Science

We will identify a variety of common animals and plants. We will be describing their basic structures through games and activities.

Religious Education

Our Cristian Value this term is 'Thankfulness'. We have already started talking a what the children feel thankful for.

A Dragon's Dilemma

PSHE

In PSHE we will be asking the question 'What is it like to live in my world?' We will be identifying our differences from others and understanding that they make us unique and special.

Computing

The children will be carrying out simple coding and problem solving activities on the iPads. We will be talking about how to stay safe when using technology.

Art and Design

The children will be designing and creating their own Egg Box Dragons. They will first draw their ideas, then think about the resources that they need to create their dragons. We will have a gallery of the children's creations for parents to view when they have been completed.

Physical Education

The children will be developing their Fundamental movement skills including running, jumping, throwing and catching.
