

Year 5 – Homework – **My Place in Space** – Terms 1 & 2 – 2021/22

We have created three homework tasks to enrich our topic, House point tokens will be awarded for work completed. Each task shows when it can be handed in - please don't hand it in before the date shown.

Parents/carers: Please support your child with these tasks but don't do them for them!

Research and then design your own space rocket. You could draw and label a picture or create a model.

Due on Friday 15th October

Keep a 'Sky at Night' diary.

Observe the moon every night for a whole week. Write about or draw everything you can see in the sky.

Draw a picture of the moon every night and report on how it changes shape and colour. Does it change position in the sky?

Due on Friday 19th November

Imagine you have discovered a new planet in our solar system.

Draw your new planet, give it a name and write a paragraph describing what it is like.

Due on Friday 10th December

Each piece of homework does not need to be completed in one go but it should be completed with care.

We look forward to seeing what you create!
