

Parenting in the Digital World

Dear Parents / Carers of St Mary's Tetbury Primary School,

Due to the Covid-19 pandemic, yet again people of all ages are being forced to find most of their social interaction and entertainment online. We know, that for young people spending so much more time online at the moment, holds potential risks and concerns.

To allow you to help your young people navigate themselves through their ever rapidly growing digital lives, whilst at the same time allowing them to be independent digital users, we are running a special live, virtual internet safety presentation for your school community on Thursday 25th Feb at 7pm (On Zoom).

During this 60min presentation, Richard from The Stay Safe Initiative CIC will be helping you to understand your young peoples digital lives a bit more. Exploring what they are doing online, understanding the risks, and providing straight forward help and advice to keep everyone at home safe.

We know that many feel overwhelmed trying to keep up with the constant evolution of games, apps and social media platforms and are quite often understandably worried about, cyber-bullying, online grooming and what they are sharing online.

This session will allow you all to be informed and NOT scared!

During the relaxed Q&A session at the end of the presentation, Richard will be happy to stay online for as much time as needed to help address any of your individual questions and comments. You will **NOT** need to turn your cameras on, should you wish not to. We're happy for you to sit back with a cuppa and just watch, if you would prefer.

We look forward to hopefully seeing you soon. Invite details can be found on the next page.
