

PE and Sports Premium 2019-2020

What is the PE and Sports Grant?

The PE and sports premium is allocated to primary schools by the government to improve and sustain the provision of PE, physical activity and sport for the benefit of all pupils so that they develop healthy, active lifestyles.

How is it allocated?

Allocations for the academic year 2019/20 are calculated using the number of pupils in Years 1 to 6, as recorded on January 2019 Census:

- Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil; and
- Schools with 16 or fewer eligible pupils receive £1000 per eligible pupil.

How did the school spend the money in 2018-2019?

How much will St Mary's School get in the academic year 2019 – 2020

The school received **£11054** (7/12) of PE funding (Sept-April) in October 2019. We will be allocated more funding in April with the new financial year. This amount will be **£7895** (5/12) Total funding: £18,950 approx

How does the school plan to spend this money?

Using our experience of what went well during the previous academic year and the needs of the children at St Mary's, this year we plan to spend our funding as follows:-

Amount (£)	Expenditure	Anticipated Impact on participation and attainment
£3285	PE Scheme of Work (Real PE and Real Gym)	Introduce a new scheme of work for PE across the school to develop progression and continuity. The scheme uses a digital platform that will enable children to gain access to resources that will enhance their performance and progression. It is fully aligned to the National Curriculum and focuses on the development of agility, balance and coordination, healthy competition and cooperative learning. New elements will be added to the scheme in Autumn 2020, including Dance, EYFS and Play leaders. Purchasing the Real PE and Real Gym scheme will give us full access to these additions as they become available.
£500	PE and OPAL equipment	Purchase of resources/equipment to enhance PE and outdoor play provision.
£1000	Whole School Skipping Workshop (2 days) Purchase 30 KS1 skipping ropes	Involve, encourage and inspire the least active children. Inspire those unlikely to join into activity/sports in school – (special needs, unenthusiastic, un-sporty) Introduce new ideas, skills and concepts for sport.
£1000	Physical Development – KS1/EYFS Purchase of new bikes/scooters: 2 wheel scooter £99.99, 3 wheel pedal trike £152.99, Rickshaw £169.99, Scooter/low trike £224.98, Foot twister £164.99, Runner bike £154.49	It is vital for our younger children to develop their gross motor skills as it leads directly to the development of fine motor skills, starting at the core and moving out towards the bodily extremities. The new bikes will exercise a variety of muscle groups and develop the children's gross motor skills in varied ways. The new bikes and scooters will enable all EYFS children to develop a range of muscle and movement patterns whilst engaged in social activities with friends.

Sustainable Improvement: As a whole, the use of the PE and Sports Premium ensures that the benefits to the children at St Marys are long-term and sustainable, especially concerning promoting pupils' health and well-being through the installation of an all-weather track and physical equipment station. More children will be active over break and lunchtimes due to the investments in OPAL provision. New equipment allows the children to sustain fitness levels and keep active during playtimes and in PE lessons. Competitive sports against other schools and across year groups/houses at St Marys allows those children who excel in sport to achieve their potential and encourages those who are less sporty to 'have a go' and enjoy sport and fitness.
